

# THIS IS PUBLIC LAND STOP THE MONSTER - RECLAIM THE GOODSYARD

This publicly-owned ten acre site spans the railway land between Shoreditch High Street and Brick Lane. It should not be lost to City developers. Oppose the Bishopsgate Goodsyrd planning application and support a community-led alternative.

## HOW TO OBJECT EFFECTIVELY

- 1 Quote the application reference: PA/14/02011.
- 2 Give your full name address and postcode.  
You do not need to be a local resident to comment but your postal address is required.
- 3 State clearly that you are **OBJECTING** to the application.
- 4 Some suggested reasons to object:
  - only 60-90 low-cost rent homes offered in a giant commercial scheme on public land, while 33,000 people are on local housing waiting lists
  - a wall of bulky tall buildings
  - it endangers the character of the East End
  - the scheme will overshadow the neighbourhood and block the sunlight
  - not enough affordable workspace suitable for small local businesses
  - minimal green space, none of it truly public
  - does not address climate concerns
- 5 Request that the Hammerson & Ballymore's revised planning application is **REFUSED** by the Greater London Authority.
